

Changes to the way you order your repeat prescription

From October 2017, GP practices will introduce a new system which means you will need to order repeat prescriptions yourself. Pharmacies and dispensing companies will no longer be able to do this for you.

What do I need to do?

There are different ways to order, including:

- *using SystmOnline - patient online service*
- *downloading the SystmOnline app to your smartphone or tablet device*
- *handing in the white, tear-off part of your repeat prescription to your GP practice*
- *writing a letter to your GP practice.*

If you need more information, please speak to staff at your GP practice or pick up a leaflet from your practice or local pharmacy.
